

GUIDE TO SERVICES

FOR THE RECEPTION AND HEALTH SERVICES TO USERS

The Services Guide is the tool for communication and interaction with its customers (patients, relatives, referring doctors...) and represents the specific commitment to an increasingly efficient, attentive and sensitive management of its guests.

Medical Director and Clinic Manager:

DR. ANDREA GIOACCHINI

1. PRESENTATION

Dear Sir/Madam, we would like to present to you the Outpatient Clinic Services Guide, which is the information tool on the Outpatient Clinic's activities. This Service Guide is intended to be a useful and pleasant tool to accompany all those who wish to have more information about the Centre, on a virtual tour through our Outpatient Clinic. In welcoming you to our facility, we welcome you and assure you that all our efforts will be primarily aimed at satisfying your health needs. In this Guide you will find all the information about the facility, its activities and services. The user and all those who intend to make use of our professionalism thus have at their disposal a simple but effective tool for information and control. In fact, in every moment of the health pathway, you will be able to find in this quick guide all the news and information that can put you in a position to act quickly and consciously. The aim of our daily activity is to offer you qualified assistance through competence, professionalism and humanity. In thanking you for your cooperation, please consider us at your disposal for any information and needs not covered in this Service Guide.

The Guide to the Facility's Services is provided to the user, at the user's explicit request, by the facility's operators, and is available from the facility's reception

2. SPECIALIST HEALTHCARE SERVICES

OCCUPATIONAL MEDICINE

- Dr Francesco Cenerelli
- Dr Andrea Cercone
- Dr. Michele Maggini
- Dr Francesca Serpilli

FORENSIC MEDICINE

- Dr Fabiana Orazi

SPORTS MEDICINE

- Dr Valeria Balducci
- Dr. Claudio Gambini
- Dr Luciano Corchia
- Dr. Alessandro Fioretti

DIAGNOSTIC IMAGING BRANCH MEDICAL DIRECTOR : DR. CALOGERO FERRARA

Nuclear Magnetic Resonance (NMR)

- Dr. Lamberto Amoroso
- Dr. Francesco Menichelli
- Dr. Valerio Fauda
- Dr. Calogero Ferrara
- Dr. Francesco Asteggiano

CT SCAN

- Dr. Lamberto Amoroso
- Dr. Francesco Menichelli
- Dr Valerio Fauda
- Dr. Francesco Asteggiano

CT SCAN WITH CONTRAST MEDIUM

- Dr. Lamberto Amoroso

General and paediatric ultrasound scans (non-invasive)

- Dr. Lamberto Amoroso
- Dr. Ettore Antico
- Dr. Calogero Ferrara
- Dr. Claudio Grendene

Obstetrical morphological ultrasound scans 2nd level

- Dr. Vincenzo Milite

Ultrasound for cardiology and vascular diagnostics

- Dr Giuseppe Ciotti

DXA (Dual-energy Xray absorptiometry)

- Dr. Giancarlo Policani
- Dr. Calogero Ferrara

Traditional Radiology

- Dr. Claudio Grendene
- Dr. Valerio Fauda
- Dr. Calogero Ferrara

DENTAL CLINIC BRANCH MEDICAL DIRECTOR : DR. NICOLO' GALEAZZI

- Dr. Nicolo' Galeazzi
- Dr Andrea Cudini
- Dr Giorgia Galluzzo
- Miriam Caporaloni (Dental Practice Assistant)

PROFESSIONAL MEDICAL PRACTICES

1. Allergy and paediatric:

- Dr Rolando Gagliardini

2. Analgesia:

- Dr. Franco Ferrara
- Dr Piero Arzeni

3. Angiology:

- Dr Giuseppe Ciotti

4. Cardiology:

- D.r. Claudio Gambini
- Dr Roberto Mocchegiani
- Dr Francesco Pellegrini

5. Outpatient surgery clinic:

- dr. Elio Fiore

6. Dermatology

- Dr Rosanna Sorbellini

7. Diabetology

- Dr. Pierpaolo Morosini

8. Dietetics and nutrition

- Dr Sonia Bolognesi

9. DSA clinic (specific learning disorders) HEALTH DIRECTOR OF CLINIC: DR. SSA CHIARA DEL BRUTTO

- Dr Chiara Del Brutto (Psychologist - Psychotherapist)
- Dr. Maria Antonietta Tavoni (Child Neuropsychiatrist)

10. Electromyography:

- dr. Paolo Di Bella

11. Endocrinology:

- Dr. Pierpaolo Morosini

12. Physiatrics clinic

- Dr. Alessandro Fioretti

13. Physiotherapy

- Marco Maria Zampa

14. Gastroenterology - endoscopy - breath test

- Dr. Piergiorgio Mosca
- Dr. Marco Silvestrelli
- Dr. Luigi Maria Tomarelli
- Dr. Tarsetti Fabio

15. Immunology:

- Dr. Armando Gabrielli

16. Speech therapy:

- Dr Arianna Galdenzi

17. Internal medicine:

- Dr. Pierpaolo Morosini
- Dr. Francesco Pellegrini
- Dr. Armando Gabrielli

18. Cosmetic medicine and microsurgery:

- dr. Elio Fiore

19. Neurology :

- Dr. Osvaldo Scarpino

20. Ophthalmology and paediatric ophthalmology

- Dr. Emilio Moauro

21. Orthopaedics:

- Dr. Alberto Longhi
- Dr. Nicola Pace

22. Orthoptics :

- Dr. Cristina Vita

23. Otolaryngology:

- Dr Enrico Caldarelli

24. Obstetrics and gynaecology:

- Dr Vincenzo Milite
- Dr Clarice Moroncini
- Dr Judith Savoeda
- Dr Eleonora Renzi (midwife)

25. Osteopathy

- Francesco Nimai Vernillo

26. Oxygen-Ozone Therapy :

- Dr Alessio Bernardini

27. Pulmonology:

- Dr Piero Paggi

28. Podiatry

29. Blood drawing services and Prenatal Investigation

- Dr Arianna Agostinelli

30. Psychology and psychotherapy

- Dr Chiara Del Brutto

31. Rheumatology

- Dr Armando Gabrielli

32. Breast clinic

- Prof. Gian Marco Giuseppetti

33. Urology and Andrology

- Dr Andrea Gioacchini
- Dr. Giovanni Muzzonigro

34. Oncology counselling

- Dr. Rodolfo Mattioli

The facility houses the sampling point of the BIOS s.r.l. Analysis Laboratory. - Private Analysis Laboratory.

3. RIGHTS AND OBLIGATIONS OF THE USER

a. Rights

1. The user has the right to have the health services requested with respect for human dignity and his or her philosophical and religious beliefs
2. The user has the right to obtain from the health facility information on the services it provides, how they can be accessed and their professionalism. The user has the right to be able to immediately identify the persons who receive him/her, assist him/her and carry out the health services.
3. The user has the right to obtain full and comprehensible information from the health care provider who performs the requested service regarding the diagnosis of the illness, the proposed treatment and the relevant prognosis.
4. The user also has the right to be informed about the possibility of alternative investigations and treatments, even if they can be performed in other facilities. When the citizen is unable to understand independently, the same information shall be provided to family members or those exercising guardianship.
5. The user has the right to obtain that data concerning his or her pathology and any other circumstances concerning him or her remain protected in accordance with the Personal Data Protection Code.
6. The user has the right to make complaints and communicate reports and/or commendations; to this end, the citizen has the forms at his disposal within the health facility.
7. The user has the right to refuse the proposed treatment or to discontinue ongoing treatment. The refusal must be documented and signed by the patient, also in the presence of witnesses. The doctor is obliged to inform the patient of the consequences that may result and of possible alternatives, even if less effective;
8. The user has the right to be assisted and cared for with care and attention, respecting common human dignity and personal philosophical and religious convictions;

b. Duties

1. The user, when accessing the Bios Centre multi-specialist outpatient clinic, is urged to behave responsibly at all times and to cooperate with the staff in charge of the health facility where he or she is located.

2. Access to the Bios Centre outpatient clinic expresses on the part of the user a relationship of trust and respect towards the health personnel, an indispensable prerequisite for the provision of proper health care.
3. It is the user's duty to promptly inform the healthcare personnel of his or her voluntary withdrawal from scheduled treatment and healthcare services in order to avoid wasting time and resources;
4. The user is obliged to respect the environment, equipment and furnishings within the healthcare facility.
5. The use of mobile phones during healthcare services is prohibited.
6. The organization and timetable provided for in the healthcare facility to which one has access must be respected under all circumstances, in order to allow normal activities to be carried out.
7. Healthcare personnel, to the extent of their competence, are called upon to observe and enforce the rules set out above for the smooth running of the business and in the interest of the citizen-user.
8. The user has the right to correct information on the organization of the healthcare facility, but it is also his or her duty to be informed at the appropriate time and in the appropriate places.
9. It is the duty of the user to behave responsibly and to respect the prescriptions recommended by the doctor;
10. It is the user's duty to promptly notify the medical and nursing staff of any changes in his or her state of health;
11. It is the user's duty to notify medical and nursing staff of the onset of any kind of pain.

4. HOW TO ACCESS SERVICES

- a. Access to the polyspecialist outpatient clinic is open to all.
- b. The user can access the facility in the following ways:
 - Medical prescription from your family doctor.
 - Doctor's prescription.
 - Medical prescription from the Medical Director of the facility.
 - By direct request to Reception at the Outpatient Clinic
- c. Health services are accepted subject to booking (also by telephone on **071 717997**) by day and time, so as not to create a wait, with an identification number assigned.
- d. Appointments are scheduled according to the periodicities expressed in the table on the next page.

- e. At the scheduled appointment, the user goes to the front desk for identification. Safeguarding confidentiality, the user's personal data, tax code and telephone number are checked with the front desk and an identification number is allocated.
- f. In compliance with current legal regulations, the user is asked to sign a consent form for the processing of personal data.
- g. Once these formalities have been completed, the user is ushered into the surgery of the doctor interested in the service requested.
- h. Access to the facility and orientation within it is guaranteed to users by means of a series of measures, which imply the presence of signs that are easy to see and understand, even by foreign users (e.g. safety signs, consisting of unambiguous colours and drawings), and signs also placed outside the facility if necessary (e.g. indication of entrances/exits, dedicated parking spaces, etc.).

5. SERVICE ACCESS AND COLLECTION TIMES

The schedule of medical services is as follows:

- **Monday to Friday from 8 a.m. until 8 p.m.**
- **Saturdays from 8.30 a.m. to 12.30 p.m.**

Report collection hours:

- **Monday to Friday from 8 a.m. until 7.30 p.m.**
- **Saturdays from 8.30 a.m. to 12 noon.**

6. ACCESS TO HEALTH RECORDS

Access to health records can be made by:

- a) The actual holders of the medical record, i.e. those who have undergone a medical service at the BIOS Centre in Osimo, upon presentation of an identification document;
- b) A person delegated by the actual holder, in possession of the proxy document and the identification documents of the delegating party and the delegate;
- c) In the case of a minor patient, the parents exercising parental authority;
- d) The guardian of disqualified persons or minors without parents, subject to production of a copy of the deed of appointment;

- e) The curator, in the case of a person incapacitated or unable to request a copy, upon presentation of court documentation;
- f) The support administrator, subject to production of the deed of appointment by the Guardianship Judge;
- g) Legitimate or testamentary heirs of the deceased holder of the health records, upon presentation of a declaration in lieu of affidavit pursuant to art. 47 of Presidential Decree no. 445 of 28 December 2000;
- h) The Judicial Authority, upon formal request;
- i) The Judicial Police, upon presentation of a formal request;
- j) Ex officio experts, subject to a formal request by the judge.

The documentation is issued by filling in the appropriate form *ACCR 2.5.5 - 01 Form for requesting and delegating a copy of the medical record*, which can be obtained from the Centre's secretariat or downloaded from <https://bios-center.it/> and sent to the following email address: info@bios-center.it signed, complete with all the data and identity document and the receipt for payment of the secretarial fees.

The secretariat, having ascertained the correctness of the completion of the form and the attached documents, produces a copy within 2 working days for health documentation within 1 year of the examination date and 7 working days for requests with longer timeframes.

Copies of the documents are issued by the staff to the actual holder of the healthcare service against payment of the following fees plus postage costs if mailing is requested.

The costs are as follows:

- Copy of sports ecg / stress test / spirometry and urine tracings (€ 6.50)
- Copy CD RX - MRI - CT - Mammography / sports medical certificate (€ 10.00)
- Copy CD RX - MRI - CT - Mammography with medical report / medical record / complete sports file (€ 20.00)

7. DELIVERY TIMES FOR REPORTS

Reports are issued immediately after medical services for all specialist examinations.

For diagnostic imaging examinations in private mode, reports are delivered at the time of the examination. Any changes are communicated at the time of booking.

For diagnostic imaging examinations in agreement with the SSN, delivery times are communicated at the time of the service and range from the issuing of the report to a maximum of 7 working days.

8. PAYMENT METHODS

Payment is made at the reception desk after the medical service, upon receipt of the report, in cash or by POS service. Alternatively, payment by bank transfer is also possible on request.

With regard to dental services, financing possibilities are available for which you should contact reception for more information.

9. PRICE LIST

Here is a list of the services that can be provided and their prices. For dental services, please refer to the attached "**PRICE LIST FOR DENTAL SERVICES**".

| <p>NON-INVASIVE PRENATAL SCREENING OF ANEUPLOIDIES AND FETAL STRUCTURAL CHROMOSOMIC ALTERATIONS (PRENATALSAFE) For BICORIAL GEMELLAR pregnancies, only three types of Prenatal Safe can be performed: PRENATAL SAFE 3, PRENATAL SAFE KARYO, PRENATAL SAFE COMPLETE For sex determination, the presence or absence of the Y chromosome can be seen</p> | | |
| 88.78.17 | PrenatalSafe 3: detects aneuploidies of chromosomes 13,18,21 | 500,00 € |
| 88.78.18 | PrenatalSafe 5: detects aneuploidies of chromosomes 13,18,21,X and Y | 600,00 € |
| 88.78.19 | PrenatalSafe Plus: detects trisomy of chromosomes 9,16 and six of the most common syndromes: Angelman,Cri-du-chat,deletion,DiGeorge,Preder-Willi,Wolf-Hirschhorn) | 700,00 € |
| 88.78.20 | PrenatalSafe Karyo: detects aneuploidies of chromosomes 21,18,13,X,Y and less common 9,16,22. Structural chromosome alterations (segmental duplications and deletions) on each chromosome in the foetal karyo | 850,00 € |
| 88.78.21 | PrenatSafe Karyo Plus: PrenatalSafe Karyo plus 9 of the most common microdeletion syndromes | 950,00 € |
| 88.78.22 | RhSafe: Precocious genotype determination of fetal Rh(D) factor | 90,00 € |
| 88.78.23 | RhSafe in combination with PrenatalSafe | free |
| 88.78.24 | GeneSafe Inherited: detects hereditary genetic diseases in the foetus (Cystic Fibrosis, Maliform Anaemia, BetaThalassaemia and Hereditary Deafness) | 600,00 € |

| | | |
|--|---|------------|
| 88.78.25 | GeneSafe De Novo: detects severe genetic diseases not transmitted by the parents (<i>de novo</i>) in the foetus. Multigenetic analysis (25 genes-44 diseases) | 600,00 € |
| 88.78.26 | GeneSafe Complete (De Novo + Inherited): screening for inherited and severe genetic diseases not transmitted by the parents (<i>de novo</i>) in the foetus. | 800,00 € |
| 88.78.27 | PrenatalSafe Complete (PrenatalSafe Karyo + GeneSafe Complete): detects aneuploidies and structural chromosome alterations on each chromosome of the foetal karyotype, inherited genetic diseases and severe genetic diseases not transmitted by the parents (<i>de novo</i>). | 1.200,00 € |
| 88.78.28 | PrenatalSafe Complete Plus (PrenatalSafe Karyo Plus + GeneSafe Complete): the highest level of investigation that adds to the completeness of PrenatalSafe Complete the second-level investigation to detect 9 of the most common microdeletion syndromes. | 1.300,00 € |
| 88.78.29 | PrenatalSafe FullRisk (PrenatalSafe Complete Plus+ Genescreen Focus - Italian Couple Panel) Genescreen Focus - Italian Couple Panel: Screening of 30 genes associated with 31 hereditary genetic diseases, performed by Next Generation Sequencing - NGS technique (complete sequencing of the genes investigated) | 1.500,00 € |
